COHATCH DUBLIN

PARKING INFORMATION

LIBRARY GARAGE

The parking garage adjacent to the library is the best solution for all-day parking, and just a short walk from COhatch. The first floor is reserved for library patrons, but everything above that is fair game!

DARBY ST LOT

The parking lot at the corner of North St. and Darby St. is available for all-purpose use, but has a 3 hour limit.

STREET PARKING

Most street parking in the area is good for 3 hours, however there are some scattered 30min loading spots, so make sure to steer clear of those.

BRIDGE PARK WEST GARAGE

If needed, there is more parking available in the garage located on High St past The Avenue. This garage charges $3 per hour and maxes out at $25.

LOT ACROSS FROM COHATCH

The parking lot located directly across the street from COhatch is not available for COhatch members as it is reserved for the businesses located in 72-84 N. High St. and 20 North St. Please keep us on good terms with our neighbors by staying out of this lot!

COMMUNICATE WITH YOUR GUESTS!

Make sure you give any visitors advanced notice of where to park because the natural parking destination for people is going to be the one place that isn't allowed (lot across the street). Thanks!
