HYDE PARK

PARKING INFORMATION

METERED PARKING

The majority of available parking in the area is metered parking along the street. The angled spots along the Hyde Park Square on Erie Ave can be paid for at kiosks located along the sidewalk or on your phone with the Cincy EZPark app. Parallel parking can be paid for with the app or by card/coin at the meter.

PUBLIC LOT

A public parking lot is located behind COhatch, accessible via Gregson Pl. This lot is pay-to-park and can be paid for using a kiosk in the middle of the lot or online by scanning a QR code displayed adjacent to the kiosk. A walkway between buildings connects the parking lot to Erie Ave.

FREE STREET PARKING

If you don't mind a little more walking, there are free parallel parking spots located further north along Edwards Rd and Michigan Ave.
